Spare Parts Catalogue

from **groundhog**

LATEST UPDATE: 02 NOVEMBER 2022

Welcome to the Groundhog spare parts catalogue

We hold in stock an extensive range of genuine Groundhog replacement parts and accessories for our mobile and static unit models, everything from the smallest bracket to a water heating system, including a full range of in-house manufactured parts. We can also supply spare parts for models that were manufactured over ten years or more.

Simply note your unique serial number usually located on the front end of the unit, including the part you require listing the reference code and our spare parts department will make sure you receive the correct part efficiently and quickly.

How to order

1.

Select spare part

Each genuine Groundhog spare part has a Product Code. When ordering, reference the code and the quantity you require.

2.

Contact us

Get in touch with our dedicated Head Office by calling **01639 823484** or emailing **sales@genquip.co.uk**

3.

We deliver!

As the manufacturer, we have the vast majority of spare parts in stock available for delivery the next day.

Installation

If installation is required, we have total UK coverage of specially trained welfare service engineers.

ECO HYBRID FUSION PULSE

INTELLIGENT SOLAR TECHNOLOGY.

Groundhog hybrid Fusion Pulse solar technology gives owners and end users improved chances of winning contracts through greater sustainability by way of reduced fuel usage leading to **lower CO₂ emissions**.

Innovation that works.

Our latest environmental features deliver cost effective, environmentally efficient, robust & easy to use anti-vandal mobile and static welfare accommodation units.

The Fusion Pulse range is powered by solar technology, with generator backup. This allows for the operation of the LED lighting, heating, inverter powered sockets c/w USB and also enables warm water to be dispensed without generator power.*

* The generator only needs to be running to power the following: **Mobile units:** Microwave, kettle and hot water system; **Static units (with chemical toilet):** Microwave, kettle and hot water system; **Static units (with eco full flush toilet):** Microwave and kettle only.

Air Top 2000ST vs. Air Top 2000STC

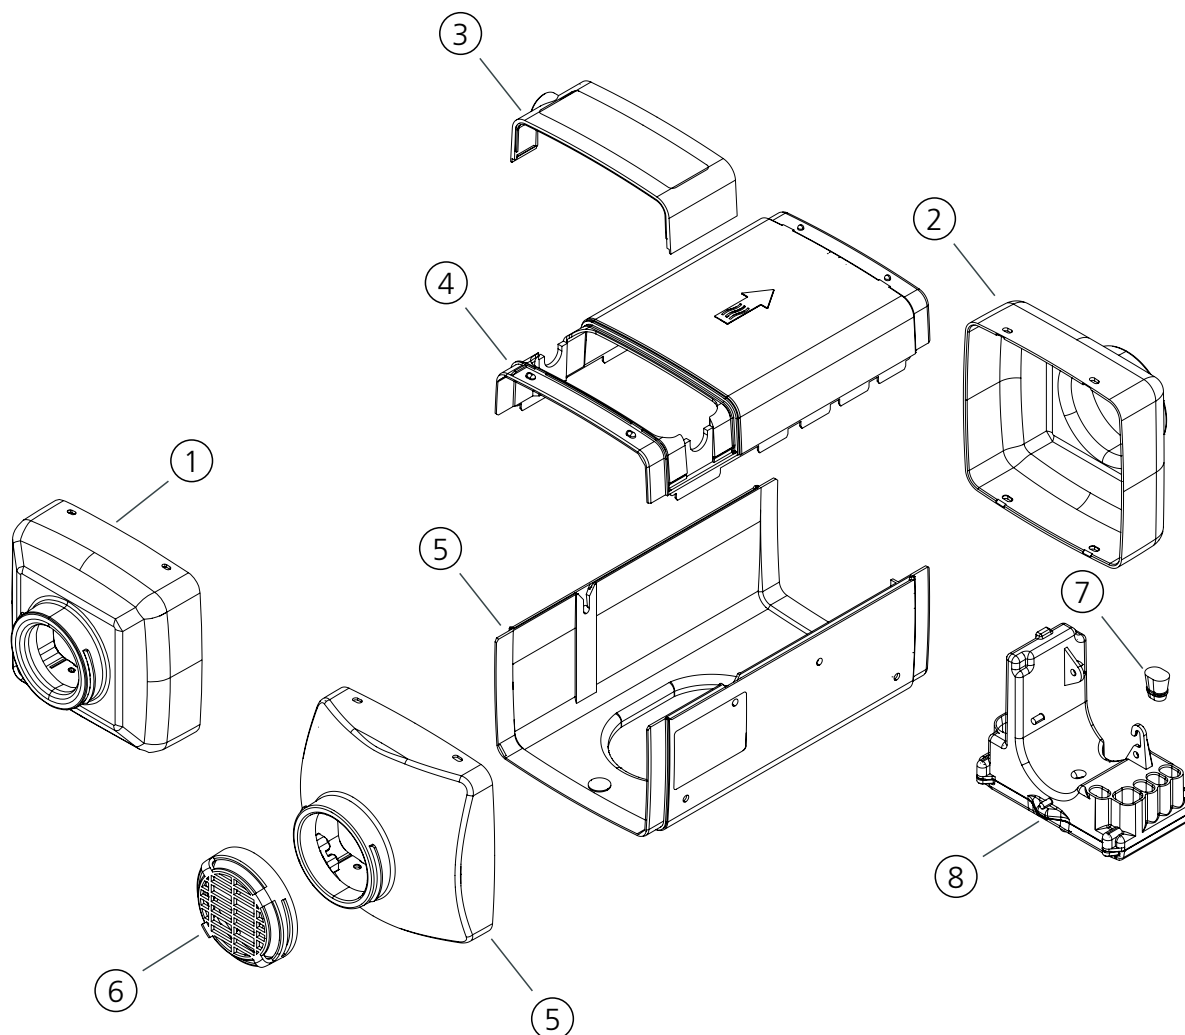

ITEM	AIR TOP 2000ST	AIR TOP 2000STC	COMMENT
Fuel Plug on Heater			These are the plugs that exit from the heater
Fuel Pump Harness Heater End			These are the plugs that exit from the heater
Fuel Pump Plug			These are the plugs that plug onto the fuel pump. The STC pump plug is significantly smaller and will have a pink terminal locking bar
Fuel Pumps			DP30 = ST DP42 = STC (1/2 stroke pump) Look at the shape. They have different plug housings
Centre Cap			ST Zero idle has the word Boot on the label
Part Number on heater decal	9012944	9031181B	
Diagnostic Plug			ST Plug is adjacent to heater. STC Plug is at the controller end.
Heater Harness at the heater end	 Pin 11 - White Pin 16 - Red/White		Check the cable colours in the heater plug
Heater Harness at the control end			ST - 4 way plug and red/white cable STC - 2 x 4 way plug and white loop cable

There is a swap out cable planned to allow for interchangeability between the two heater versions. Please contact for details.
