Mobile Detention Unit

Secure Temporary Custody block

Street crime and alcohol fuelled disorder is a real problem in many town centres around Britain.

Mobile Detention Units are Robust Anti Vandal Temporary Custody blocks which can be easily transported and secured in less than 3 minutes, making it ideal for dealing with anti social behaviour wherever it surfaces.

Accommodating Sustainable Innovations

Mobile Detention Unit

Secure Temporary Custody block

Robust & Anti-Vandal

Cells are constructed from robust materials with steel framed doors. A one piece bench seat, is fitted to the rear wall of each cell.

Cells cubicle interiors are fully sealed to enable ease of washing out and drain channels are incorporated into the floor panel outside the cell doors, to facilitate cleaning. Cells are constructed from steel box sections over-paneled, on the face, with 6mm thick Polycarbonate sheet. Each cell door is hung on a stainless steel continuous hinge and fitted with a heavy duty point spring loaded slam lock. The lock is operated via an external handle (only) which can be locked with a removable key.

The Mobile Detention Unit incorporates **3 secure custody cell cubicles** with easy access and is well equipped with Welfare features.

Typical Applications

- **Town Centres** (busy Inner City Areas)
- **Rock Festivals and Events**
- **Sports Events**
- **Temporary Cells** (refurbishment of Police Cells)
