

SWO7600

ECO FUSION PULSE

Anti-vandal, robust and easy-to-use static welfare accommodation unit.

ECO

FUSION PULSE

STATIC

SEATS UP TO
8+2 PEOPLE

HSE
& CDM
COMPLIANT

Securing site welfare

Seating area for up to 8 people

Well equipped canteen

Toilet area

Separate office space

Delivery of hot water

Solar technology

Innovative, functional, environmentally efficient and cost effective.

The SWO7600 Fusion Pulse static welfare accommodation unit from **groundhog** is incredibly robust and secure with the added feature of a spacious office.

Once lifted into position, this versatile robust unit meets HSE & CDM requirements and is suitable for accommodating up to ten people, providing a pleasant and safe working environment, *ideal for rental companies and contractors.*

This static welfare unit offers cost savings as the heating is supplied by an on board system which does not require the generator to run. The generator will only be required for microwave, kettle and hot water system.

Powered by roof mounted solar panel with generator back up

12V LED lighting with PIR

12V diesel powered air blown heating system

Warm water from an on-board heating system

Separate drying room

Inverter powered sockets with USB connectors

Separate office space for 2 people

Hard-wired kettle

Hard-wired microwave

KEY FEATURES at a glance

Length	7620 mm
Width	2755 mm
Height	2.5 m

Generator	9.8 kVA
Unladen Weight	4500 kg
Possible Gross Weight	4800 kg
Solar Panel	x1

Fresh Water	20 Litres
Waste Water	20 Litres
Toilet Tank Size	280 Litres
Fuel Tank Size	300 Litres

1 Canteen Area	2 Toilet Area	4 Office Area
Table and bench seating for up to 8 people	Plastic recirculating toilet c/w ventilation pipe	Office table and chair (optional)
12V LED lighting with PIR	Forearm wash basin c/w warm water tap	12V LED lighting with PIR
12V air blown heating system	12V LED lighting with PIR	12V air blown heating system
Warm water supplied by a 230V on-board heating system	12V diesel powered air blown heating system	Inverter socket for use of laptops, printers and phone chargers only
Large stainless steel sink c/w warm water tap	Warm water supplied by a 230V on-board heating system	230V electrical socket
2 x inverter powered socket and USB connection	Liquid soap & paper towel dispenser	Notice and wipe clean board
1 x 230V double socket & 1 x 230V single socket	3 Generator Area	5 Drying Room
12V control panel c/w heater control & battery volt meter	9.8kVA super silent diesel generator with 300 litre diesel tank	12V LED lighting with PIR
Fresh & waste water containers (20 Ltr cap each)	12V LED lighting with PIR	12V air blown heating system
Carbon monoxide monitor and smoke alarm	Generator start battery	Coat hooks
	Fuel tank runtime = approx. 120 hours	Bench seating
		High level window

The Fusion Pulse System

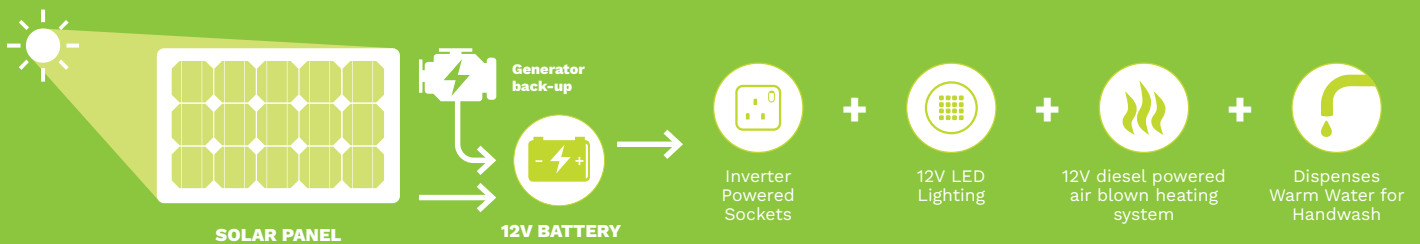

INTELLIGENT SOLAR TECHNOLOGY

Highly efficient 130amp power AGM battery is charged via **intelligent solar power system** built in controller and backed up by an **on-board power silenced generator – ensures optimum performance is maintained when in use and unmanned.**
