

i760

Anti-vandal, robust and easy-to-use **static** welfare accommodation unit.

INTELLIGENT POWER

Securing site welfare

*When power unit not in use

Welfare seating area

Well equipped canteen area

Toilet wash area

Warm Room

Separate spacious office

Innovative, functional, environmentally efficient and cost effective.

The **i760 static** unit offers the legendary robustness and ease of use of the Fusion Pulse **groundhog** static welfare unit whilst offering an enhanced green environmental solution.

Offering upto **100% reductions in carbon emissions** whilst on board power unit is not in use, the i760 is designed to run in summer months without the onboard power unit running. During the winter period and night use the power unit will still be required, with a reduction in running of up to 90% when compared to the Fusion Pulse welfare unit.

The i550 has a compact overall size for towing, with a large spacious welfare area and separate office space which can accommodate up to 10 people - ideal for flexible on-site applications, **helping you achieve realistic carbon reduction goals, intelligently.**

Powered by x4 solar panels with on board power unit back up

Fully hot-dipped galvanised chassis

12V air blown heating system

Hot drinking water & microwave run off 12V system

12V LED lighting with PIR

Inverter powered sockets with USB connectors
