HogPowerS60

6kVa Power

MGTP 6000 SS LA

3000rpm air cooled diesel power unit

TECHNICAL SPECIFICATIONS
at a glance

Key Features & Benefits

✓ 6kVA 230V AC Aux Power	› plug and play power to meet even the most demanding site applications
✓ Diesel engine - Kohler Stage V	› robust and easy to use with world class performance
✓ Mecc Alte alternator	› heavy duty with proven reliability
✓ HVO (Hydrotreated Vegetable Oil) fuel approved	› suitable to run on diesel, HVO or a mixture of both fuels

Performance

Generator

Alternator Synchronous type	M E ECC ALT 6S 2k0VWA 121300/V2
Single phase power (110V)	N/A
Single phase power (230V)	6kVA
Battery (not included)	12V
Frequency	50 Hz
Insulation class	H
Mechanical protection - IP	23
Noise level	82Lwa 57 dBa@7m
Litres per hour	1.67L
Co2e emissions per hour	4Kg

Engine

Engine make	Kohler
Engine type	KD15/440
Fuel	Diesel / HVO
N° cylinders	1
Power	10 HP
Engine speed	3000 rpm
Cooling	Air
Oil capacity	1.5 L
Starting system	Electric / Remote
Fuel consumption	250 gr/kwh

Dimensions & weights

Length (mm)	825
Width (mm)	520
Height (mm)	660
Dry weight - no fuel (Kg)	167
Wet weight - full fuel (Kg)	TBA

Welfare units application

FUSION PULSE
